Production Printing Solutions From Canon, A Name You Can Trust

**Canon's complete line of outstanding solutions
can help you with your workflow and printing.**

THE DECISION IS EASY

An extensive and powerful line of printing solutions from Canon, a long-time industry production printing leader, can help with your printing efforts/ to create amazing output for your customer.

No one can deny that the print market is dynamic. With ever-increasing demands for efficiency, productivity, and value, businesses are under constant pressure to deliver better-quality products and in faster times than they did yesterday. But even in an ideal economy, this can be an uphill battle. That's why it's critical to have the winning combination of the right partner and the right business solutions.

As a leader in production printing innovations, Canon has the production and large-format printers and the software you need to help in your efforts to keep your customers coming back for more. You can offer vibrant colors on a spectrum of stocks, including high-end, die-cut invitations, plaques, and signage; wallpaper that rivals traditional production; rich, monochrome booklets and guides; posters for every industry; textiles, stickers, and labels, and so much more. Whatever the ask, Canon has a device that can help you deliver it.

CANON: AN AMAZING SUPPLIER FOR YOUR PRINT SOLUTIONS

In this age of digital transformation, data is moving faster than ever. To keep pace, companies must adopt current technologies and business processes or risk falling behind. But you don't need to do it alone! Canon offers state-of-the-art print solutions; reliable, proven technologies; a customer-first support network; and a nationwide network of dealers—all standing ready to help you every step of the way.

Support for Different Aspects of Your Organization

Our expansive portfolio—complete with support that can help you keep your print operations running smoothly and Canon Financial Services to help optimize your financial resources by providing competitive financing for Canon products. Our solutions are designed to help you to maximize your performance, reduce labor costs, promote employee productivity, stand out against the competition, and, perhaps most importantly, provide devices that can help you create output that can impress your customers.

A FULL LINE OF PRINT TECHNOLOGY TO HELP TACKLE CHALLENGES

With a very diverse and extensive line-up, built on quality, reliability, and flexibility—from production printers and color and mono printers to Large Format printers and powerful workflow and finishing solutions.

Production Systems

Canon has you covered with scalable production print solutions focused on areas such as commercial printing, in-plant print centers, direct mail and transactional, book publishing, and specialty printing. These highly capable print solutions provide you with the means to produce highly sought-after output such as letterhead, direct mailers, invoices, business cards, brochures and flyers, catalogs, door hangers, manuals, course packs, signs, and more. Canon digital printing technology can provide a virtually seamless transition from offset to digital printing, enabling you to fulfill customers' needs by producing short runs with variable data on a wide range of substrates.

HELP WITH OVERCOMING TODAY'S OBSTACLES

Having access to resources that go beyond the benefits of conventional technology is important.

An investment with Canon is an investment in your printing capabilities and services.

By capitalizing on the capabilities of working with us, your organization can help address critical pain points and roadblocks facing many print providers today.

Fill the Labor Gap

With resources stretched thin, finding skilled staff to operate production equipment can be problematic. Our simple user interface is designed so that even novice users can quickly and easily produce the high quality output your customers demand. Pair this with our service and support, and you can have the tools in place that can help you enhance operational performance and increase efficiency.

Workflow Automation for Productivity

With an overwhelming shift to digital technology, implementing automated workflows into your production environment is pivotal in helping to reduce the manual

steps that can slow you down. These powerful, simplified processes are meant to allow novice and expert operators alike to complete high-quality projects more seamlessly and consistently, while also helping users to manage their workday and with meeting deadlines.

Keep Pace in Production

An increase in your production capabilities can help you enhance output and expand the services and relevant products you offer that have the potential to help drive customer loyalty. It starts with the unwavering support of a trusted team—experience and coverage that Canon consistently provides.

CANON FINANCING FIT FOR OUR CUSTOMERS

Trust and support are two critical components of any successful business relationship. When taking the steps to obtain new technology, the convenience of a single source acquisition cannot be understated.

A Focus on Flexibility

With Canon Financial Services, we're committed to providing in-house leasing and competitive financing solutions that can help customers acquire needed equipment with affordable monthly payments. With an unwavering commitment to providing outstanding service in commercial financing, Canon Financial Services can help customers overcome budget limitations and conserve working capital, while opening the possibilities for future upgrades and add-ons.

- **Easy and budget-friendly acquisition process for needed equipment and related software**
- **One stop for your financing needs**

We accomplish this by providing:

Excellent Customer Service: Canon Financial Services' dedicated team is here to answer your questions and provide guidance through every step of the process. Canon Financial Services' goals are to satisfy our customers' financing requirements and build long-lasting, beneficial relationships. Canon Financial Services truly appreciate the opportunity to serve you.

Hassle-free Financing: Canon Financial Services offers an easy and reliable way to maintain accounts through our 24/7 online web portal.

Competitive Lease Plans: Designed to support your ever-changing business needs.

CREDENTIALS TO BACK YOUR BUSINESS

Our mission is to help you achieve your goals by supporting you with the amazing solution, service, and organization that can serve as your foundation today and into the future.

A Proven Leader

For the past 37 years, Canon Inc. has ranked among the top five U.S. patent holders (as of 2022).¹

Canon's position as a market leader in the production printing and large roll-fed inkjet, and large production color toner categories, along with top placements in the mid-production color cutsheet and several other categories—according to Keypoint Intelligence²—allows us to support

businesses with equipment and innovative technologies to help advance progress, and contend within a challenging environment.

Fundamentally, a commitment to Canon can help to provide your business with the capabilities needed to grow and excel now and in the future.
